

Sacred Circle Dancing!

Cambridge: Friday September 6th 7.30-9.30pm
St. Neots: Saturday September 21st 2-5pm

The Dances of Universal Peace are a powerful way to connect with others, to experience the true heart of many spiritual traditions and draw on them for inspiration. Through moving, chanting and singing together we create a sense of peace and unity - a sense of joyful oneness - nourishment for heart and soul!

"The Dances of Universal Peace change lives. And the world changes life by life. All over the earth people long for an actual experience of reverence for the earth and life in all its forms. The Dances show how."

Neil Douglas-Klotz
